FULFILLING GOD'S POTENTIAL
FOR YOUR CHURCH

LEADING A CHURCH IS COMPLICATED

As a church leader you carry a burning vision for a church that changes lives and transforms communities. Making that a reality can sometimes feel beyond reach!

WE CAN HELP

At Lead Academy, as church leaders ourselves, we share that passion for the local church to bring transformation and hope.

Our vision is to equip leaders and enable churches to fulfil their vision so that they can be effective, resilient & fruitful over decades.

WHY LEARNING COMMUNITIES?

Even the most inspiring leadership events can be short-lived and often their impact drains away within a few days. They also tend to focus on the senior leader and not the whole team.

At Lead Academy we invite you and your leadership team on a two year journey with 6-8 similar churches. Our Learning Communities feature interactive learning methods that help you work through the challenges of leading a local church together.

There is a strong theme of mutual accountability and we provide an experienced church leader as your coach throughout the Learning Community to help implement what you, as a team, have committed to do.

LEARNING COMMUNITIES AT LEAD ACADEMY

You will journey with churches of a similar size or context, helping one another and sharing best practices and experiences. There are four two-day events over two years and you will have access to a wide variety of resources from a dedicated website.
