Better Together: Our new Online Team Training

leadacademy
better together

30 April
7.30-9pm

We believe that we're better together! The New Testment is full of examples of team ministry - so we want to give the teams in your church an opportunity to learn together to serve the church better.

Join us

for a practical evening where we'll be sharing steps to help unlock growth within your church or ministry. We will be unpacking what makes a church or ministry grow; potential pitfalls that could stunt growth; and how to kick start new growth.

This is an opportunity for teams to get practical training to help them flourish as they lead ministries within your church. Would suit a church leadership team, PCC or individual ministry teams (eg children's team, worship team etc). Why not sign up all your teams to maximise the learning across the church?

Book online:

Individual price: £15
Team price: £50
Church price: £100

The session will include:

- Practical teaching from the Lead Academy team
- Discussion time within your team to apply learnings and make a plan for growth.
- Take home materials to help you move forward over the coming months.
